ABOUT GLOBAL HEALTH SUMMIT

Advancing Global Health Through Knowledge, Collaboration, and Innovation

The Global Health Summit 2026 is a prestigious international academic gathering designed to bring together healthcare professionals, researchers, academicians, public health experts, and policy leaders from across the globe. Organized by GPBAR in collaboration with the Andaman & Nicobar Islands Institute of Medical Sciences (ANIIMS), Sri Vijaya Puram, the summit serves as a dynamic platform for exchanging ideas, presenting research, and addressing the most pressing health challenges of our time. Scheduled for 6–7 September 2026, this two-day summit aims to foster interdisciplinary dialogue and global collaboration to strengthen healthcare systems and promote evidence-based solutions for sustainable public health development.

Key Themes of the Summit

Antimicrobial Resistance (AMR) :- Exploring the growing global threat of antimicrobial resistance, stewardship strategies, and innovative approaches to combat emerging public health risks.

Preventive Pharmacology :- Highlighting the role of pharmacovigilance, lifestyle interventions, and evidence-based preventive measures in reducing disease burden and improving population health.

Mental Health Awareness :- Addressing stigma, promoting early intervention, and encouraging holistic and community-centered approaches to mental health care.

Why Attend?

- ★ Engage with renowned experts and researchers in the field of public health
- ★ Present and discuss innovative research and evidence-based practices
- ★ Build global collaborations and academic networks
- ★ Contribute to shaping the future direction of global healthcare

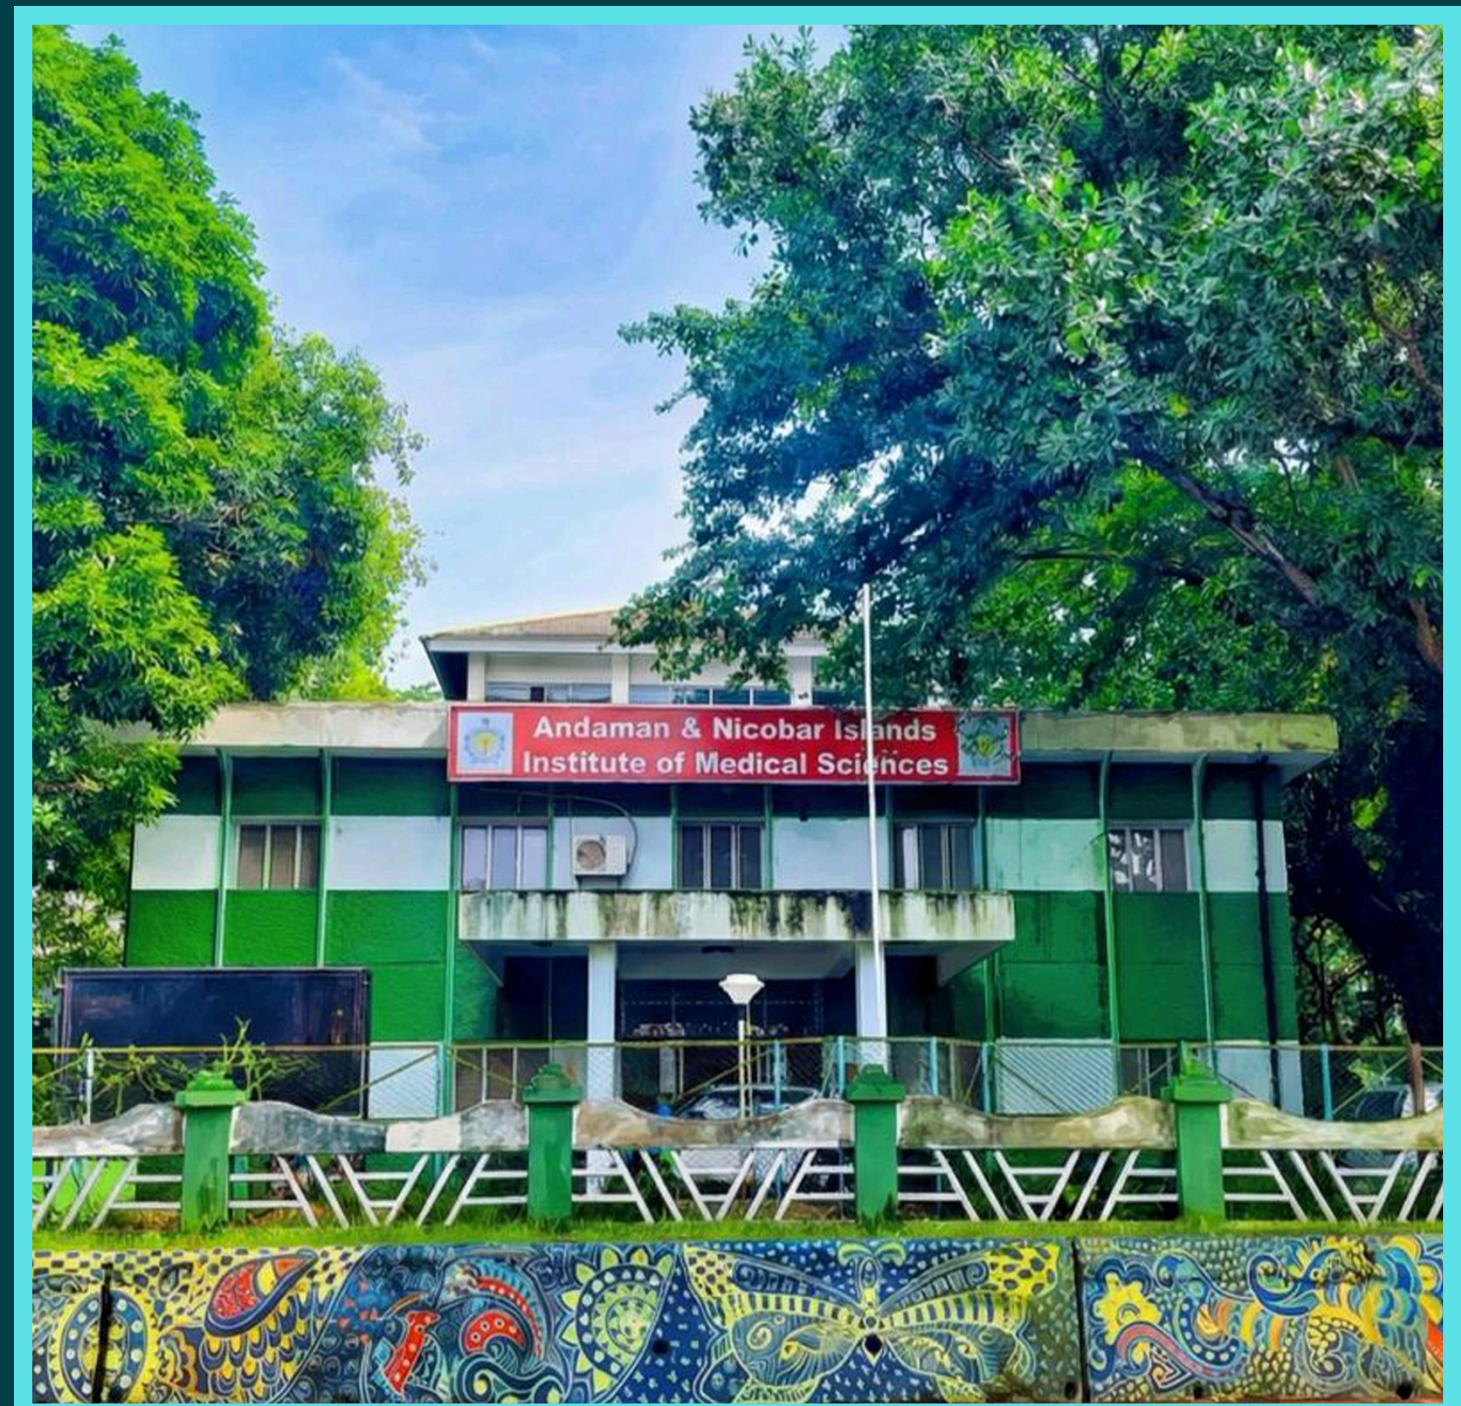

Set in the beautiful surroundings of the Andaman & Nicobar Islands, the summit provides an inspiring environment for intellectual exchange, professional growth, and meaningful collaboration.

Join us at the Global Health Summit 2026 and be part of a collective effort to advance global health and create a healthier future for communities worldwide.

ABOUT ANIIMS

Andaman & Nicobar Islands Institute of Medical Sciences (ANIIMS), Sri Vijaya Puram is the premier medical institute for the entire union territory of Andaman & Nicobar Islands. The attached teaching hospital, GB Pant Hospital the only tertiary care centre with advanced patient care facilities for the population of Andaman and Nicobar Islands. This also provides the right platform to transform the students into Indian Medical Graduates by providing opportunities to obtain Early Clinical Exposure, Medical Ethics & Etiquette, Care and Skill. In its endeavors to provide quality health care services to the patients, ANIIMS plans to initiate new super specialty services in addition to the existing state of art Cardiac Cath Lab. The rural and urban health training centers under ANIIMS provide comprehensive healthcare facilities to the rural and urban population and an inside view of the primary healthcare management for the medical students
